

CUSTOMER SERVICE FOCUS OF LETCHWORTH ROOFING MAJOR PROJECT APPOINTMENTS

Letchworth Roofing, the UK's leading roofing contractor, has made new appointments within its Major Projects operation that look to further enhance the quality of the work it undertakes and the service it offers customers.

- Dave Marsh has been appointed Senior Estimator and brings a wealth of experience to Letchworth Roofing in all metal roofs and walls, liquid coatings and hot rubber applications. Dave has worked for over 25 years in the industry and has a wide knowledge of roofing and cladding systems and manufacturers.
- Matt Collett joins Letchworth Roofing Major Projects as CAD Designer. Matt also brings many years experience of the industry and will increase the speed and accuracy of the service provided to customers.

Commenting on the appointments, Ray Speroni, Letchworth Roofing's Construction Manager, said:

“These appointments build on the integration of the Single Ply Division into Major Projects at the end of 2006 which has allowed Letchworth Roofing to provide customers with multi-discipline packages from one team of professionals. The experience and close working relationships with major materials suppliers allows us to offer real value engineering to the benefit of our clients.”

END
